**Safety Lockers are manufactured to comply with AS 4332 - 2004.
For the safe storage and handling of Gases in Cylinders.**

Cylinder Lockers offer superior features that make these units extremely durable and easy-to-use.

Constructed of 100% welded aluminium resist abusive outdoor elements they will not rust, corrode or discolour.

Expanded 7 mm thick metal panels are the strongest in the industry offering additional resistance to tampering.

Welded security lug on front panel door accepts a padlock (not included) for extra security.

Heavier gauge aluminium mesh and extruded (not bent) frame add rigidity.

All models have an exclusive solid aluminium roof panel that slants toward the back to shed water and ice.

Eleven modular styles provide an efficient attractive solution to expanded, multi-cabinet storage.

A pre-drilled hole at each corner accepts 12 mm anchor bolts for maximum security and stability.

Cylinders stay clear of ground with strong floor plate on all storage lockers.

Aluminium's long lasting durability keeps your gas cylinders safe and your property looking clean.

Ships fully assembled to save on set-up time.

Comes complete with warning and full/empty cylinder labels, also danger no smoking within 3 metres decal.
